TRIBUNE ALMANAC FOR 1872.

Astronomical Department,

Computed and arranged expressly for this WORK, by SAMUEL H. WRIGHT, A. M., M. D.,
Penn Yan, Yates County, N. Y.

Eclipses for the Year 1872.

There will be four Eclipses this year, as follows:

- I. A Partial Eclipse of the Moon, May 22; invisible in the United States.
- II. An Annular Eclipse of the Sun, June 5; invisible in North America, except in Washington Territory and the Arctic Regions.
- III. A very small Eclipse of the Moon in the evening of November 14th and morning of the 15th; visible, being only one thirty-third of the Moon's diameter on the northern limb. See the following table:

IV. An Annular Eclipse of the Sun, November 30; invisible in North America.

Morning Stars.

Venus (♀) until July 15.
Mars (♂) after May 17.
Jupiter (♃) after August 2.
Saturn (♄) to April 10.

Evening Stars.

Venus after July 15.
Mars until May 17.
Jupiter until August 2.
Saturn after April 10.

Planets Brightest.

MERCURY January 27, May 25, and September 18, rising before the Sun; also April 2, July 31, and November 24, setting soon after the Sun. VENUS and MARS not this year. JUPITER January 15. SATURN July 9.

Jewish Calendar for 1872.

The Jewish year 5632 is the 8th of the 297th Cycle, and began September 16, 1871, and ends October 2, 1872. It contains 55 Sabbaths, and 383 days, being embolismic, and of 13 months. The year 5633 begins October 3, 1872, and ends September 21, 1873.

New and Valuable Tide Table for 110 Places.

To find the time of high-water at any of the places named in the following table, add the time indicated in the first column of figures to the time of "Moon South," or "Moon on Meridian," found in the calendar pages. If the result is more than 12 hours from noon, the time will be the next day in the morning; and if more than 12 hours from midnight, the time will be in the afternoon of the same day. The tide thus found is the *first* after the Moon's culmination. The *second* tide occurs 12 hours and 26 minutes later than the first:

To Get Correct Time.

When the shadow cast by the Sun reaches the noon-mark, set the clock at the time given in calendar pages of this Almanac, in the column of "Sun at Noon-mark," and it will be exactly right. If a meridian line is used instead of a noon-mark, the passing the line by the Sun's center is the moment for setting the clock. Any skillful surveyor can make a noon-mark or meridian lines of small brass or copper wires. In doing so, he must allow for the variation of the magnetic needle from a true or astronomical north and south line.

A TABLE OF SIXTY-ONE BRIGHT STARS.

To ascertain when any Star found in the following Table will be on the *upper meridian*, add the numbers opposite in the left-hand column of figures, to the time of "*Sidereal Noon*" found in the calendar pages. For the *rising* of a star, *subtract* the number opposite in the right-hand column of figures from its meridian passage. For the *setting* of a star, *add* the same number to its meridian passage. Those marked (....) revolve in a circle of perpetual apparition, and do not rise nor set north of the latitude of New York ($40^{\circ} 42' 40''$), for which latitude the semi-diurnal arcs are calculated. The civil day begins at midnight, and consequently 24 hours after midnight, or 12 hours from noon, is *morning* of the succeeding day; and more than 24 hours from noon, is *evening* of the next day. From 12h. to 24h. from midnight, or from 0h. to 12h. from noon, will be in the afternoon of the same day. This table is arranged in the order of culmination.

Surveyors and Civil Engineers may obtain the declination of the magnetic needle by observations on the Pole Star when upon the meridian, or when at the greatest elongation east or west. POLARIS and other stars pass the *lower meridian* 11h. 58m. after their upper transit. To the time of upper transit of Polaris, add 5h. 54m. and it gives the time of greatest *western* elongation. If the 5h. 54m. be subtracted from the time of upper transit, it will give the time of greatest *eastern* elongation. Observations made at the time of greatest elongation are *less* liable to error than those made at the time of transit. The mean distance of Polaris from the pole this year is $1^{\circ} 22' 23.37''$. To find its azimuth for any latitude, take from 18,3795564 the logarithmic cosine of the latitude, and the remainder is the logarithmic sine of the azimuth.

NOTE.—In the table above it is to be understood that the word "near" and the character ♄ (conjunction) are synonymous, and mean that the two bodies are nearest each other at the time expressed, and that they are then on a line running from the North Pole through both bodies, and have the same right ascension. GR. ELON. means greatest elongation or greatest apparent angular distance from the Sun. STATIONARY means that the planet is then without apparent motion east or west with respect to the Stars, and is about to move in a direction contrary to that it last had. The character ♄ indicates that the planet is opposite the Snn. or 180 deg., or a half circle east of it, and rises when the Snn sets, and sets when he rises. When a planet is a quarter of a circle or 90 deg. from the Sun, east or west, it is known by ♄.

PLANETARY CHARACTERS.—♄ Mercury, ♀ Venus, ♄ Mars, ♄ Jupiter, ♄ Saturn, ♄ Uranus, ♄ Neptune, ♄ Moon.

The above table enables us to find the planets throughout the year.

To Ascertain the Length of the Day and Night,

at any time of the year, add 12 hours to the time of the Sun's setting, and from the sum subtract the time of rising, for the length of the day. Subtract the time of setting from 12 hours, and to the remainder add the time of rising next morning, for the length of the night. These rules are equally true for apparent time.

Leap-Year.—Every year the number of which is divisible by 4 without a remainder is a leap-year, except the last year of the century, which is a leap-year only when divisible by 400 without a remainder. Thus the year 1900 will not be a leap-year.

The Asteroids.

About 114 little planets, called Asteroids, have been discovered between the orbits of Mars and Jupiter. Some of them are so small that to call them worlds might seem inappropriate. But any body having an orbit, though not larger than a cannon-ball, is entitled to rank as a world. Many such may exist which will never be discovered because of their littleness. Very little asteroidal bodies are revolving around the earth, as the moon does. The aerolites, or falling stones, are really such asteroids whose orbits cross the earth's orbit, or else wind spirally inward to the earth as a center.

"THE CLOTHING TRADE OF NEW YORK CITY."

Among the many business houses of this city, there is none more worthy the notice or patronage of an appreciating public than the well-known firm of **TRAPHAGEN, HUNTER & CO., Nos. 398, 400 & 402 Bowery**, junction of Third and Fourth avenues, and nearly opposite the Seventh Regiment Armory.

Their immense establishment, consisting of three five-story buildings, devoted exclusively to the manufacture and sale of **Gentlemen's, Youth's, and Children's Clothing**, is one of the largest in the city.

The business of the above firm is conducted on the **One Price Cash System**, and the goods offered by them are unsurpassed in point of style, quality, &c. All their goods are marked in plain figures, the prices of which are far below Broadway rates.

Books and Periodicals devoted to specialties are numerous, yet but few journals give a variety of pure, interesting and instructive reading adapted to the various members of the Family Circle, in both Town and Country. But MOORE'S RURAL NEW-YORKER, the great National Illustrated Rural and Family Weekly, is a notable exception, for, by meeting the wants of Men, Women, and Children, it has become the Favorite Farm and Fireside Journal of America.

The Rural New-Yorker is not only the Standard Authority on Agriculture, Horticulture, &c., but highly esteemed as a Literary and Family Paper. It carefully treats upon more subjects than are discussed in half a dozen ordinary journals, is finely illustrated, and by far the Largest, Best and Cheapest Journal of its Class, in the World. Indeed as one of its contemporary organs says, "MOORE'S RURAL is the most elegantly printed, ably edited, widely circulated, and heartily welcomed paper, as a whole, which now finds its way among the people."

The Rural New-Yorker contains 16 double quarto pages, weekly, with title-page, index, etc., every six months, making Two Large and Handsome Volumes a Year. It is first class, wide awake, progressive, and always up to the times—manifesting the true spirit of its inspiring Motto, "Excel in," and Laudable Objects, "Progress and Improvement." Terms, \$2 50 per year; only \$2 in clubs, with great Inducements to Agents. Specimen Numbers, Show-Bills, &c., sent free to all who address D. D. T. MOORE, 5 Beekman St., New York.

Good Soap, like good wine, is improved by age.

Among the ruins of Herculesaneum and Pompeii Soap was found in a good state of preservation, after having been buried over 1700 years.

A box of Soap in a family is better than "money at interest," as when from three to six months old, one pound will go further than three pounds of new soap.

Ask your grocer for a box of CRAMPTON'S IMPERIAL LAUNDRY SOAP, and if he does not keep it, send your order to CRAMPTON BROTHERS, 34 Front St. New York.

SOLUBLE PACIFIC GUANO.

This is the best fertilizer, without exception. As an evidence of it, the sale has increased steadily in the past seven years so that in 1870, sixteen thousand tons were sold. Price \$50 per ton. The agent is

FACTS, established by *comparison*, carry a force with them that is irresistible.

That thousands of *double-thread* sewing machines are annually *exchanged* for the Willeox & Gibbs, is an *indisputable Fact*.

Its special adaptability to the requirements of the FAMILY furnish the "reason why" of the numerous exchanges.

Ladies who have used other machines for years, when once made acquainted with its advantages invariably exchange for it.

ABSTRACT OF PUBLIC LAWS

PASSED AT THE THIRD SESSION OF THE FORTY-FIRST CONGRESS, AND THE FIRST SESSION OF THE FORTY-SECOND CONGRESS, WITH RESOLUTIONS AND PROCLAMATIONS.

FORTY-FIRST CONGRESS—THIRD SESSION COMMENCED DEC. 5, 1870—CLOSED MARCH 4, 1871.

CHAP. II.—*Lands for the Utah Central Railroad.*—Grants 200 feet on each side of the road, besides land necessary for stations, shops, side tracks, &c. The road to be a post-route.

CHAP. VI.—*Sugar.*—Modifies and reduces the tariff on sugar; present rate from $1\frac{1}{4}$ to 4 cents per lb.

CHAP. XXII.—*Internal Improvements.*—Grants \$200,000 to improve the Louisville and Portland canal for 1871.

CHAP. XXXIII.—*Kansas.*—Provides for reimbursing Kansas for expense of raising and equipping troops in the Rebellion; sum not stated.

CHAP. XXXIV.—*Internal Improvements.*—Appropriates \$100,000 to improve St. Mary's Falls, canal and river.

CHAP. XXXV.—*Judicial Districts.*—Divides Virginia into two judicial districts.

CHAP. XXXVIII.—*Indians.*—Provides for the sale of the Stockbridge Reservation in Wisconsin, and the removal of the Indians to another location.

CHAP. XLV.—*Smuggling.*—Amends the Act to Prevent Smuggling, with especial reference to the Canadian frontier.

CHAP. XLVIII.—*Indian Lands.*—Provides for the sale of not more than six townships of the Menominee Reservation in Wisconsin.

CHAP. L.—*Pensions of 1812.*—Provides that the Secretary of the Interior place on the pension roll the names of the surviving officers and enlisted and drafted men, including militia and volunteers, of the military and naval service of the United States, who served sixty days in the war with Great Britain of 1812, and were honorably discharged, and to such other officers and soldiers as may have been personally named in any resolution of Congress for any specific service in said war, although their term of service may have been less than sixty days, and who at no time, during the late rebellion against the authority of the United States, adhered to the cause of the enemies of the government. The pension is \$8 per month; widows who have not married again are provided for.

CHAP. LXII.—*District of Columbia.*—Provides a government for the District, making it substantially a regular Territory. The governor and secretary are appointed for four years by the President, confirmed by the Senate; there is a Legislature consisting of a Council of eleven members, and a House of Delegates of twenty-two members. (This Act was put in effect early in the summer.)

CHAP. LXVII.—*Bridge over the Missouri.*—Authorizes the Union Pacific Railroad Company to issue bonds for building a bridge at or near Omaha, Congress may regulate tolls and fares for the bridge.

CHAP. LXVIII.—*Selling Military Reserva-*

tions.—Provides for surveying and putting in market the military lands of Fort Lane and Walla Walla in Oregon, Fort Zarah in Kansas, Camp Garry in Nevada, Fort Sumner in New Mexico, Forts Jessup and Sabine in Louisiana, Forts Wayne and Smith in Arkansas, Fort Abercrombie on the Red River of the North, and part of Fort Bridger in Wyoming.

CHAP. XCIX.—*Protection of the Right of Suffrage.*—(This act is effective only when members of Congress are to be chosen.) 'Fraudulent registration for the purpose of voting, using force, or bribery, or in any way hindering a legal voter from registering, tampering with the registering officers, knowingly registering one not entitled to vote, making or using false papers, or doing any unlawful act to impede or falsify the registry, is declared a crime, punishable by the penalties named in the act of May 31, 1870. (See TRIBUNE ALMANAC for 1871, pages 20-21.) In towns of over 20,000, upon written application of two citizens, the Judge of the United States Circuit Court shall, ten days before registration or election, appoint two citizens for each election district, of different political parties, who shall be known as supervisors of election. These supervisors must attend the registration, where there is any, to challenge suspected persons, scrutinize the books of registered names, sign their names to each page thereof, and do any lawful act to preserve the purity of the registration. They are also to attend the polls whenever members of Congress are to be chosen, to challenge any one whose right to vote is not clear, to remain with the ballot boxes until the canvass is fully made, to scrutinize the way in which the books and tallies are kept and the voting done; "and to the end that each candidate for the office of representative or delegate in Congress shall obtain the benefit of every vote for him cast, the said supervisors of election are, and each of them is, hereby required, in their or his respective election districts or voting precincts, to personally scrutinize, count, and canvass each and every ballot in their or his election district or voting precinct cast, whatever may be the indorsement on said ballot, or in whatever box it may have been placed or be found; to make and forward to the officer who, in accordance with the provisions of section thirteen of this act, shall have been designated as the chief supervisor of the judicial district in which the city or town wherein they or he shall serve shall be, such certificates and returns of all such ballots as said officer may direct and require, and to attach to the registry list, and any and all copies thereof, and to any certificate, statement, or return, whether the same, or any part or portion thereof, be required by any law of the United States, or of any State, territorial, or municipal law,

any statement touching the truth or accuracy of the registry, or the truth or fairness of the election and canvass, which the said supervisors of election, or either of them, may desire to make or attach, or which should properly and honestly be made or attached, in order that the facts may become known, any law of any State or Territory to the contrary notwithstanding." The supervisors are to select such places in the registering or voting room as may best enable them to see and know how the business is conducted, any State or local law to the contrary notwithstanding. They will report any molestation or obstruction offered to them in the performance of their duty to the chief supervisor of the judicial district, who will apply for the proper remedy. In large cities, the United States Marshal may appoint two special deputies in each election district to assist the supervisors, and it shall be the duty of such special deputies, to keep the peace, and support and protect the supervisors of elections in the discharge of their duties, preserve order at such places of registration, and at such polls, prevent fraudulent registration and fraudulent voting threat, or fraudulent conduct on the part of any officer of election, and immediately, either at said place of registration or polling-place, or elsewhere, and either before or after registering or voting, to arrest and take into custody, with or without process, any person who shall commit, or attempt or offer to commit, any of the acts or offenses prohibited by this act, or the act hereby amended, or who shall commit any offense against the laws of the United States: *Provided*, That no person shall be arrested without process for any offense not committed in the presence of the marshal or his general or special deputies, or either of them, or of the supervisors of election, or either of them, and, for the purposes of arrest or the preservation of the peace, the supervisors of election, and each of them, shall, in the absence of the marshal's deputies, or if required to assist said deputies, have the same duties and powers as deputy marshals: *And provided further*, That no person shall, on the day or days of any such election, be arrested without process for any offense committed on the day or days of registration. Persons arrested must be taken before a commissioner, judge, or a court of the United States. Any person obstructing or refusing to assist the supervisors in their legitimate duties, or interfering in any way improperly with the supervisors or deputy marshals, is "liable to instant arrest without process, and on conviction to not more than two years imprisonment, or \$3,000 fine, or both; and he shall pay the costs of the prosecution." Refusal to answer proper questions, or refraining from answering, or giving false information, is a misdemeanor, to be punished by 30 days imprisonment, or \$100 fine, or both, and the offenders shall pay the costs of prosecution. Supervisors and deputy marshals duly sworn in, who neglect or refuse to act without lawful excuse, are guilty of misdemeanor, with penalty of six to twelve months imprisonment, or \$200 to \$500 fine, or both. Marshals resisted in making arrests, may call on the bystanders or the *posse comitatus* for aid. One United States commissioner in each judicial district is to be appointed by the Circuit Court Chief Supervisor

of Elections for such district, whose duty it is to provide books, forms, &c., and prepare instructions for the supervisors, receive their reports, &c. The supervisors and deputy marshals have \$5 per day for actual duty, but not to exceed ten days for any one registration or election. All suits arising under this act, are to be brought in, or removed to the United States courts. "All votes for representatives in Congress shall hereafter be by written or printed ballot, any law of any State to the contrary notwithstanding; and all votes received or recorded contrary to the provisions of this section shall be of no effect."

CHAP. C.—Security of Life on Steam Vessels.—Steamers are to have pipes attached to the boilers to use steam for putting out fire; stores and cooking ranges to be securely fastened, and wood-work near them carefully shielded; steamers carrying 50 passengers, or any passenger steamer carrying cotton, hay, or hemp, shall have a double-action steam fire-pump, or equivalent apparatus for throwing water, with a pipe on each side the vessel to carry water to upper decks, with sufficient hose to reach any part of the vessel. Steamers exceeding 200 tons must have two double-acting fire-pumps, to be worked by hand, with hose, &c.; pipes from the pumps to the water below the vessel's water-line must be in order; no loose hay, hemp, cotton, camphene, nitro-glycerine, naphtha, benzine, benzole, coal oil, petroleum, or other like dangerous articles, shall be carried either as freight or stores on passenger steamers. Careful regulations for carrying these and other dangerous articles are made in the act, with heavy penalties for neglect or violation of the rules. Steamers are to employ watchmen at night; must have small boats always ready for use; also life preservers, fire-buckets, water barrels or tanks, axes, convenient stairways, clear gangways, ample space for deck passengers, wire tiller-ropes and bell-pulls, and metal speaking tubes; \$300 penalty for neglecting these matters. The system of inspecting steamers is improved, and incompetent inspectors are removed. Minute directions for inspecting boilers, engines and hulls, are enacted, and captains, chief mates, engineers, and pilots are to be licensed. A supervising inspector-general, and supervising inspectors for the several districts, meet once a year (third Wednesday in January) to further the enforcement of this act. (The act goes into minute directions, that are unprintable to the non-professional reader.)

CHAP. CV.—Our National Centenary Celebration.—Provides that an exhibition of American and foreign arts, products, and manufactures shall be held, under the auspices of the government of the United States, in the city of Philadelphia, in the year 1876. A commission to consist of not more than one delegate from each State and Territory, whose functions shall continue until the close of the exhibition, shall be constituted, whose duty it shall be to prepare and superintend the execution of a plan for holding the exhibition, and, after conference with the authorities of Philadelphia, to fix upon a suitable site within the limits of the city, where the exhibition shall be held. Said commissioners shall be appointed within one year from the passage of this act by the President of

the United States, on the nomination of the governors of the States and Territories respectively. In the same manner there shall be appointed one commissioner from each State and Territory of the United States, who shall assume the place and perform the duties of such commissioner or commissioners as may be unable to attend the meetings of the commission. The commission shall hold its meetings in the city of Philadelphia. The commission shall report to Congress at the first session after its appointment a suitable date for opening and for closing the exhibition; a schedule of appropriate ceremonies for opening or dedicating the same; a plan or plans of the buildings; a complete plan for the reception and classification of articles intended for exhibition; the requisite custom-house regulations for the introduction into this country of the articles from foreign countries intended for exhibition; and such other matters as in their judgment may be important. No compensation for services shall be paid to the commissioners or other officers provided by this act from the treasury of the United States; and the United States shall not be liable for any expenses attending such exhibition, or by reason of the same. Whenever the President shall be informed by the governor of Pennsylvania that provision has been made for the erection of suitable buildings, and for the exclusive control by the commission of the proposed exhibition, the President shall make proclamation of the same, setting forth the time at which the exhibition will open and the place at which it will be held; and he shall communicate to the diplomatic representatives of all nations copies of the same, together with such regulations as may be adopted by the commissioners, for publication in their respective countries.

CHAP. CX.—*Bridges over the Mississippi and the Missouri.*—The Louisiana and Missouri Railroad Company may bridge the Mississippi at the city of Louisiana; and the same company may bridge the Missouri near Glasgow. The bridges to be not less than fifty feet above the water, or draw-bridges, as preferred. They are to be post-roads.

CHAP. CXVI.—*Claims of Loyal Citizens.*—The second section of the Army Appropriation bill provides for a board of three commissioners, to be appointed by the President, who shall consider the justice and validity of such claims as shall be brought before them, of those citizens who remained loyal adherents to the cause and the government of the United States during the war, for stores or supplies taken or furnished during the rebellion for the use of the army of the United States in States proclaimed as in insurrection against the United States, including the use and loss of vessels or boats while employed in the military service of the United States. The board sits in Washington, and provision is made for their guidance; they must report fully upon all claims presented.

CHAP. CXXII.—*Texas Pacific Railroad.*—This act names certain persons "who are hereby created a body politic and corporate in fact and in law, by the name, style, and title of the Texas Pacific Railroad Company, and by that name shall have perpetual succession, and shall be able to sue and be sued, plead and be impleaded, defend and be defended, in all courts of law and

equity within the United States, and may make and use a common seal: and the said corporation is hereby authorized and empowered to lay out, locate, construct, furnish, maintain, and enjoy a continuous railroad and telegraph line, with the appurtenances, from a point at or near Marshall, county of Harrison, Texas; thence by the most direct and eligible route, to be selected by said company, through New Mexico and Arizona, to a point on the Rio Colorado, at or near the southeastern boundary of California; thence by the most direct and eligible route to San Diego, California, to ship's channel, in the bay of San Diego, California, pursuing in the location thereof, as near as may be, the thirty-second parallel of north latitude, and is hereby vested with all the powers, privileges, and immunities necessary to carry into effect the purposes of this act." The capital stock is not to exceed \$50,000,000, in shares of \$100. Right of way, and alternate sections of public land, are granted, with the usual provisions for conveyance, sale, &c. The face value of bonds issued by the company shall be one thousand dollars in gold, and shall be redeemable at such times, and to bear such rate of interest, payable semi-annually in gold, as may be determined by the directors. The total value of the construction bonds to be issued shall not exceed thirty thousand dollars per mile of said railroad, and the total face value of the land bonds shall not exceed two dollars and fifty cents per acre for all lands mortgaged; the total amount of each to be determined by the board of directors. The road shall be constructed of iron or steel rails manufactured from American ore, except such as may have heretofore been contracted for by any railroad company which may be purchased or consolidated with by the company hereby incorporated. The company shall commence the construction of its road simultaneously at San Diego, California, and from a point at or near Marshall, Texas, and so prosecute the same as to have at least fifty consecutive miles of railroad from each of said points complete and in running order within two years after the passage of this act; and to so continue to construct each year thereafter a sufficient number of miles to secure the completion of the whole line from the aforesaid point on the eastern boundary of the State of Texas to the bay of San Diego, California, within ten years after the passage of this act; and upon failure to so complete it, Congress may adopt such measures as it may deem necessary and proper to secure its speedy completion. The road is to be a military and post-route. Other railroads may cross or connect with this one.

CHAP. CXXIV.—*Redemption of Small Coins.*—Provides for the redemption at the Treasury Department of copper, bronze and nickel coins, when presented in sums of not less than \$20.

RESOLUTIONS.

No. 7.—*San Domingo.*—The President to appoint three commissioners, to serve without pay, who shall ascertain and report the political state and condition of the Republic of Dominica,

the probable number of inhabitants, and the desire and disposition of the people of the said republic to become annexed to and to form part of the people of the United States; the physical, mental and moral condition of the said people, and their general condition as to material wealth and industrial capacity; the resources of the country; its mineral and agricultural products; the products of its waters and forests; the general character of the soil; the extent and proportion thereof capable of cultivation; the climate and health of the country; its bays, harbors and rivers; its general meteorological character, and the existence and frequency of remarkable meteorological phenomena; the debt of the government, and its obligations, whether funded, and ascertained, and admitted, or unadjusted and under discussion; treaties or engagements with other powers; extent of boundaries and territory; what proportion is covered by foreign claimants or by grants or concessions, and generally what concessions or franchises have been granted, with the names of the respective grantees; the terms and conditions on which the Dominican government may desire to be annexed to and become part of the United States as one of the Territories thereof; such other information with respect to the said government or its territories as to the said commissioners shall seem desirable or important with reference to the future incorporation of the said Dominican republic into the United States as one of its Territories.

No. 28.—*Transporting Food to Europe.*—The President is authorized to cause to be stationed at New York, Boston and Philadelphia, if the same can be done without injury to the public service, one or more of our naval vessels,

to be there held in readiness to receive on board for transportation such supplies as may be furnished by the people of the United States for the destitute and suffering people of France and Germany.

No. 48.—*Bridge over the Wabash.*—Authorizes the Chicago and Illinois Southern Railroad Company to bridge the Wabash in White County, Ill.; to be a drawbridge, or if not, at a height that will not interfere with navigation.

PROCLAMATIONS.

No. 13.—*Neutrality.*—This is the usual caution against interference in the war between Germany and France.

No. 14.—*Fenianism.*—After reciting the operations of the Irish leaders, in projecting an invasion of Canada, the proclamation concludes: "Now, therefore, I, ULYSSES S. GRANT, President of the United States of America, do hereby declare and proclaim that all persons hereafter found within the territory or jurisdiction of the United States committing any of the afore-recited violations of law, or any similar violations of the sovereignty of the United States for which punishment is provided by law, will be rigorously prosecuted therefor, and, upon conviction and sentence to punishment, will not be entitled to expect or receive the clemency of the executive to save them from the consequences of their guilt; and I enjoin upon every officer of this government, civil or military or naval, to use all efforts in his power to arrest, for trial and punishment, every such offender against the laws providing for the performance of our sacred obligations to friendly powers."

FORTY-SECOND CONGRESS—FIRST SESSION, COMMENCED MARCH 4, 1871—CLOSED APRIL 20, 1871.

CHAP. XXII.—*Enforcing the Fourteenth Amendment.*—This act provides that any person who, under color of any law, statute, ordinance, regulation, custom, or usage of any State, shall subject any person within the jurisdiction of the United States to the deprivation of any rights, privileges or immunities secured by the Constitution, shall, any such law, statute, ordinance, regulation, custom, or usage of the State to the contrary notwithstanding, be liable to the party injured in any action at law, suit in equity, or other proper proceeding for redress; such proceeding to be prosecuted in the several district or circuit courts of the United States, with and subject to the same rights of appeal, review upon error, and other remedies provided in like cases in such courts, and the other remedial laws of the United States which are in their nature applicable in such cases. That if two or more persons shall conspire together to overthrow, or to put down, or to destroy by force the government of the United States, or to levy war against the United States, or to oppose by force the authority of the government, or by force, intimidation, or threat to prevent, hinder, or delay the execution of any law of the United States, or by force to seize, take, or possess any property of the United States contrary to the authority thereof, or by force, intimidation, or threat to prevent any

person from accepting or holding any office of trust or place of confidence under the United States, or from discharging the duties thereof, or by force, intimidation, or threat to induce any officer of the United States to leave any State, district, or place where his duties as such officer might lawfully be performed, or to injure him in his person or property on account of his lawful discharge of the duties of his office, or to injure his person while engaged in the lawful discharge of the duties of his office, or to injure his property so as to molest, interrupt, hinder, or impede him in the discharge of his official duty, or by force, intimidation, or threat to deter any party or witness in any court of the United States from attending such court, or from testifying in any matter pending in such court fully, freely, and truthfully, or to injure any such party or witness in his person or property on account of his having so attended or testified, or by force, intimidation, or threat to influence the verdict, presentment, or indictment of any juror or grand juror in any court of the United States, or to injure such juror in his person or property on account of any verdict, presentment, or indictment lawfully assented to by him, or on account of his being or having been such juror, or shall conspire together, or go in disguise upon the public highway or upon the premises of another for the purpose, either directly or

indirectly, of depriving any person or any class of persons of the equal protection of the laws, or of equal privileges or immunities under the laws, or for the purpose of preventing or hindering the constituted authorities of any State from giving or securing to all persons within such State the equal protection of the laws, or shall conspire together for the purpose of in any manner impeding, hindering, obstructing, or defeating the due course of justice in any State or Territory, with intent to deny to any citizen of the United States the due and equal protection of the laws, or to injure any person in his person or his property for lawfully enforcing the right of any person or class of persons to the equal protection of the laws, or by force, intimidation, or threat to prevent any citizen of the United States lawfully entitled to vote from giving his support or advocacy in a lawful manner towards or in favor of the election of any lawfully qualified person as an elector of President or Vice-President of the United States, or as a member of the Congress of the United States, or to injure any such citizen in his person or property on account of such support or advocacy, each and every person so offending shall be deemed guilty of a high crime, and, upon conviction thereof in any district or circuit court of the United States, or district or supreme court of any Territory of the United States having jurisdiction of similar offences, shall be punished by a fine not less than five hundred nor more than five thousand dollars, or by imprisonment, with or without hard labor, as the court may determine, for a period of not less than six months nor more than six years, as the court may determine, or by both such fine and imprisonment, as the court shall determine. And if any one or more persons engaged in any such conspiracy shall do, or cause to be done, any act in furtherance of the object of such conspiracy, whereby any person shall be injured in his person or property, or deprived of having and exercising any right or privilege of a citizen of the United States, the person so injured or deprived of such rights and privileges may have and maintain an action for the recovery of damages occasioned by such injury or deprivation of rights and privileges against any one or more of the persons engaged in such conspiracy, such action to be prosecuted in the proper district or circuit court of the United States, with and subject to the same rights of appeal, review upon error, and other remedies provided in like cases in such courts under the provisions of the act of April ninth, eighteen hundred and sixty-six, entitled "An act to protect all persons in the United States in their civil rights, and to furnish the means of their vindication." That in all cases where insurrection, domestic violence, unlawful combinations, or conspiracies in any State shall so obstruct or hinder the execution of the laws thereof, and of the United States, as to deprive any portion or class of the people of such State of any of the rights, privileges, or immunities, or protection, named in the Constitution and secured by this act, and the constituted authorities of such State shall either be unable to protect, or shall, from any cause, fail in or refuse protection of the people in such rights, such facts shall be deemed a denial by such State of the equal protection of the laws to which they are entitled under the

Constitution of the United States; and in all such cases, or whenever any such insurrection, violence, unlawful combination, or conspiracy shall oppose or obstruct the laws of the United States or the due execution thereof, or impede or obstruct the due course of justice under the same, it shall be lawful for the President, and it shall be his duty to take such measures, by the employment of the militia or the land and naval forces of the United States, or of either, or by other means, as he may deem necessary for the suppression of such insurrection, domestic violence, or combinations; and any person who shall be arrested under the provisions of this and the preceding section shall be delivered to the marshal of the proper district, to be dealt with according to law. That whenever in any State or part of a State the unlawful combinations named in the preceding section of this act shall be organized and armed, and so numerous and powerful as to be able, by violence, to either overthrow or set at defiance the constituted authorities of such State, and of the United States within such State, or when the constituted authorities are in complicity with, or shall connive at the unlawful purposes of, such powerful and armed combinations; and whenever, by reason of either or all of the causes aforesaid, the conviction of such offenders and the preservation of the public safety shall become in such district impracticable, in every such case such combinations shall be deemed a rebellion against the government of the United States, and during the continuance of such rebellion, and within the limits of the district which shall be so under the sway thereof, such limits to be prescribed by proclamation, it shall be lawful for the President of the United States, when in his judgment the public safety shall require it, to suspend the privileges of the writ of *habeas corpus*, to the end that such rebellion may be overthrown: *Provided*, That the President shall first have made proclamation, as now provided by law, commanding such insurgents to disperse. That any person or persons, having knowledge that any of the wrongs conspired to be done and mentioned in the second section of this act are about to be committed, and having power to prevent or aid in preventing the same, shall neglect or refuse so to do, and such wrongful act shall be committed, such person or persons shall be liable to the person injured, or his legal representatives, for all damages caused by any such wrongful act which such first-named person or persons by reasonable diligence could have prevented: and such damages may be recovered in an action on the case in the proper circuit court of the United States, and any number of persons guilty of such wrongful neglect or refusal may be joined as defendants in such action: *Provided*, That such action shall be commenced within one year after such cause of action shall have accrued; and if the death of any person shall be caused by any such wrongful act and neglect, the legal representatives of such deceased person shall have such action therefor, and may recover not exceeding five thousand dollars damages therein, for the benefit of the widow of such deceased person, if any there be, or if there be no widow, for the benefit of the next of kin of such deceased person.

THE TREATY OF WASHINGTON.

This Treaty with Great Britain, signed at Washington, May 8, 1811, ratified on the 17th of June, and proclaimed by President Grant on the 4th of July, provides for the amicable settlement of all points of difference between the United States and Great Britain, more especially in the matters of the "Alabama claims" and the Canadian fisheries. We give all that is necessary to a clear understanding of the intent of the treaty.

* THE ALABAMA CLAIMS.

"Whereas differences have arisen between the Government of the United States and the Government of Her Britannic Majesty, and still exist, growing out of the acts committed by the several vessels which have given rise to the claims generally known as the 'Alabama claims': And whereas Her Britannic Majesty has authorized her High Commissioners and Plenipotentiaries to express, in a friendly spirit, the regret felt by Her Majesty's Government for the escape, under whatever circumstances, of the Alabama and other vessels from British ports, and for the depredations committed by those vessels:

"Now, in order to remove and adjust all complaints and claims on the part of the United States, and to provide for the speedy settlement of such claims, which are not admitted by Her Britannic Majesty's Government, the High Contracting Parties agree that all the said claims, growing out of acts committed by the aforesaid vessels and generally known as the 'Alabama claims,' shall be referred to a Tribunal of Arbitration to be composed of five Arbitrators, to be appointed in the following manner, that is to say: One shall be named by the President of the United States; one shall be named by Her Britannic Majesty; His Majesty the King of Italy shall be requested to name one; the President of the Swiss Confederation shall be requested to name one; and His Majesty the Emperor of Brazil shall be requested to name one."

Provision is made for filling vacancies in the Board of Arbitrators, who are to meet at Geneva, Switzerland, at a convenient and early day, "and shall proceed impartially and carefully to examine and decide all questions that shall be laid before them on the part of the Governments of the United States and Her Britannic Majesty respectively. All questions considered by the Tribunal, including the final award, shall be decided by a majority of all the Arbitrators. Each of the High Contracting Parties shall also name one person to attend the Tribunal as its agent to represent it generally in all matters connected with the arbitration."

Each side is to have access to all documents referring to claims, and ample regulations are made for the times and forms of procedure.

"In deciding the matters submitted to the Arbitrators, they shall be governed by the following three rules, which are agreed upon by the High Contracting Parties as rules to be taken as applicable to the case, and by such principles of International Law not inconsistent therewith as the Arbitrators shall determine to have been applicable to the case. A neutral Government is bound—

"First, to use due diligence to prevent the

fitting out, arming, or equipping, within its jurisdiction, of any vessel which it has reasonable ground to believe is intended to cruise or to carry on war against a Power with which it is at peace; and also to use like diligence to prevent the departure from its jurisdiction of any vessel intended to cruise or carry on war as above, such vessel having been specially adapted, in whole or in part, within such jurisdiction, to war-like use.

"Secondly, not to permit or suffer either beligerent to make use of its ports or waters as the base of naval operations against the other, or for the purpose of the renewal or augmentation of military supplies or arms, or the recruitment of men.

"Thirdly, to exercise due diligence in its own ports and waters, and, as to all persons within its jurisdiction, to prevent any violation of the foregoing obligations and duties."

"Her Britannic Majesty has commanded her High Commissioners and Plenipotentiaries to declare that Her Majesty's Government cannot assent to the foregoing rules as a statement of principles of International Law which were in force at the time when the claims mentioned in Article I arose, but that Her Majesty's Government, in order to evince its desire of strengthening the friendly relations between the two countries and of making satisfactory provision for the future, agrees that in deciding the questions between the two countries arising out of those claims, the Arbitrators should assume that Her Majesty's Government had undertaken to act upon the principles set forth in these rules. And the High Contracting Parties agree to observe these rules as between themselves in future, and to bring them to the knowledge of other maritime Powers, and to invite them to accede to them.

"The decision of the Tribunal shall, if possible, be made within three months from the close of the argument on both sides. It shall be made in writing and dated, and shall be signed by the Arbitrators who may assent to it. The said Tribunal shall first determine as to each vessel separately whether Great Britain has, by any act or omission, failed to fulfil any of the duties set forth in the foregoing three rules, or recognized by the principles of International Law not inconsistent with such rules, and shall certify such fact as to each of the said vessels. In case the Tribunal find that Great Britain has failed to fulfil any duty or duties as aforesaid, it may, if it think proper, proceed to award a sum in gross to be paid by Great Britain to the United States for all the claims referred to it; and in such case the gross sum so awarded shall be paid in coin by the Government of Great Britain to the Government of the United States, at Washington, within twelve months after the date of the award."

Each party pays its own commissioners and their expenses. Record of all proceedings is to be kept.

In case the Tribunal finds that Great Britain has failed to fulfil any duty as aforesaid, and does not award a sum in gross, the Contracting Parties agree that a Board of Assessors shall be appointed to determine what claims are valid, and what amount shall be paid by Great Britain to the United States on account of the liability

arising from such failure, as to each vessel, according to the extent of such liability as decided by the Arbitrators. The Board of Assessors shall be constituted as follows: One member thereof shall be named by the President of the United States, one member thereof shall be named by Her Britannic Majesty; and one member thereof shall be named by the Representative at Washington of the King of Italy; and in case of a vacancy it shall be filled in the same manner. As soon as possible after such nominations the Board of Assessors shall be organized in Washington. The members shall be bound to hear on each separate claim, if required, one person on behalf of each Government, as counsel or agent. A majority of the Assessors in each case shall be sufficient for a decision. Every claim shall be presented to the Assessors within six months from the day of their first meeting, but they may, for good cause shown, extend the time for the presentation of any claim to a further period not exceeding three months. The Assessors shall report to each Government at or before the expiration of one year from the date of their first meeting the amount of claims decided by them up to the date of such report.

All awards are payable in coin, at Washington, within twelve months.

"The High Contracting Parties engage to consider the result of the proceedings of the Tribunal of Arbitration and of the Board of Assessors, should such Board be appointed, as a full, perfect, and final settlement of all the claims hereinbefore referred to; and further engage that every such claim, whether the same may or may not have been presented to the notice of, made, preferred, or laid before the Tribunal or Board, shall, from and after the conclusion of the proceedings of the Tribunal or Board, be considered and treated as finally settled, barred, and thenceforth inadmissible."

ALL OTHER CLAIMS.

The High Contracting Parties agree that all claims on the part of corporations, companies, or private individuals, citizens of the United States, upon the Government of Her Britannic Majesty, arising out of acts committed against the persons or property of citizens of the United States during the period between the thirteenth of April, 1861, and the ninth of April, 1865, inclusive, not being claims growing out of the acts of the vessels referred to in Article I of this Treaty, and all claims, with the like exception, on the part of corporations, companies, or private individuals, subjects of Her Britannic Majesty, upon the Government of the United States, arising out of acts committed against the persons or property of subjects of Her Britannic Majesty during the same period, which may have been presented to either Government for its interposition with the other, and which yet remain unsettled, as well as any other such claims which may be presented within the time specified in this Treaty, shall be referred to three Commissioners, to be appointed—One shall be named by the President of the United States, one by Her Britannic Majesty, and a third by the President of the United States and Her Britannic Majesty conjointly. The Commissioners shall meet at Washington at the earliest convenient period; and shall forthwith proceed to the investigation of the claims which shall be

presented. They shall investigate and decide such claims in such order and such manner as they may think proper, but upon such evidence or information only as shall be furnished by or on behalf of the respective Governments. They shall be bound to receive and consider all written documents or statements which may be presented to them by or on behalf of the respective Governments in support of, or in answer to, any claim, and to hear, if required, one person on each side, on behalf of each Government, as counsel or agent for such Government, on each and every separate claim. A majority of the Commissioners shall be sufficient for an award in each case. The High Contracting Parties hereby engage to consider the decision of the Commissioners as absolutely final and conclusive upon each claim decided upon by them, and to give full effect to such decisions without any objection, evasion, or delay whatsoever.

Claims are to be presented within six months unless for satisfactory reasons, and are to be decided within two years, payment of awards to be made within a year, without interest.

THE FISHERIES.

It is agreed by the High Contracting Parties that British subjects shall have, in common with the citizens of the United States, the liberty, for the term of ten years, to take fish of every kind, except shell-fish, on the eastern sea-coasts and shores of the United States north of the thirty-ninth parallel of north latitude, and on the shores of the several islands thereunto adjacent, and in the bays, harbors, and creeks of the said sea-coasts and shores of the United States and of the said islands, without being restricted to any distance from the shore, with permission to land upon the said coasts of the United States and of the islands aforesaid, for the purpose of drying their nets and curing their fish; provided that, in so doing, they do not interfere with the rights of private property, or with the fishermen of the United States in the peaceable use of any part of the said coasts in their occupancy for the same purpose. It is understood that the above-mentioned liberty applies solely to the sea fishery, and that salmon and shad fisheries, and all other fisheries in rivers and mouths of rivers, are hereby reserved exclusively for fishermen of the United States. Fish oil and fish of all kinds (except fish of the inland lakes, and of the rivers falling into them, and except fish preserved in oil), being the produce of the fisheries of the United States, or of the Dominion of Canada, or of Prince Edward's Island, shall be admitted into each country, respectively, free of duty.

The Treaty provides for commissions to settle any disputed points in the matter of the fisheries, and prescribes rules for their proceedings.

RIVER NAVIGATION.

The navigation of the river St. Lawrence, from the forty-fifth parallel of north latitude, where it ceases to form the boundary between the two countries, from, to, and into the sea, shall forever remain free and open for the purposes of commerce to the citizens of the United States, subject to any laws and regulations of Great Britain, or of the Dominion of Canada, not inconsistent with such privilege of free navigation. The navigation of the rivers Yukon, Porcupine, and Stikine, from, to, and into the

sea, shall forever remain free and open for the purposes of commerce to the subjects of Her Britannic Majesty and to the citizens of the United States, subject to any laws and regulations of either country within its own territory, not inconsistent with such privilege of free navigation.

It is provided that efforts shall be made to procure mutual privileges in navigating canals and lakes upon or contiguous to the Canadian boundaries; also that Lake Michigan shall be free to British vessels. Goods from Great Britain for Canada may be carried through United States territory without paying duty, and the same as to goods through Canada for the United States. The Government of the United States may suspend the right of carrying granted in favor of the subjects of Her Britannic Majesty under this article, in case the Dominion of Canada should at any time deprive the citizens of the United States of the use of the canals in the said Dominion on terms of equality with the inhabitants of the Dominion.

NORTHWESTERN BOUNDARY.

The unsettled boundary between Washington Territory and British Columbia, in which the Government of Her Britannic Majesty claims that such boundary line should, under the terms of the Treaty of June 15, 1846, be run through the Rosario Straits, and the Government of the United States claims that it should be run through the Canal de Haro, it is agreed that the respective claims shall be submitted to the arbitration of the Emperor of Germany, who, having regard to the above-mentioned article of the said Treaty, shall decide thereupon, finally and without appeal, which claim is most in accordance with the true interpretation of said Treaty. His decision is to be a full settlement of the matter. Due provision is made for presenting evidence, &c., to the Emperor.

NOTE.—The narrow column under each census year shows the order of the States and Territories when arranged according to magnitude of population in the aggregate or in each class.

(a) To obtain the total population of the United States at the census of 1840, it is necessary to add to the printed total of the aggregate table 787, being the increase of the second enumeration of the county of Montgomery, Maryland, over the first enumeration.

(b) In the aggregate table of the census of 1820, the total of the State of Tennessee is printed 422,613 instead of 422,813, as given by the tables of Tennessee in the same census. This error of the total column of the aggregate table having been corrected, the above variance applies.

(c) In the aggregate table of the census of 1800, the total of Kentucky is printed 220,050. The table for Kentucky in the same census has it 220,955; also the total of the eastern district of Pennsylvania is printed 327,970 instead of 327,799. These errors of the aggregate table having been corrected, the above variance applies.

(a) To obtain the total white at the censuses of 1820, care must be taken to include 6,100 persons on board public ships, and 37, being the increase in the white of the second enumeration of the county of Montgomery, Maryland, over the white at the first enumeration.

(b) In the aggregate table of the censuses of 1820, at Tennessee, "White males to 45" are printed 27,349, instead of 27,549, as rightly given in the tables of the State of Tennessee. This error in the white column of the aggregate table having been corrected, and consequently the total white having been made 200 more than there printed, the above variance applies.

(c) In the aggregate table of the census of 1800, at New Jersey, "White males under 10," are printed 33,900 instead of 33,980; at District of Columbia, in the same column, 880 should be 689; at Kentucky, "White males 65 and upwards," printed 6,238, should be 6,233; at Western District of Virginia, "White females 26 and under 45," printed 8,632, should be 15,169; and column "White females 45 and upwards," printed 15,169, should be 8,632. These errors of the white columns of the aggregate table having been corrected, the above variance applies.

α To obtain the total "free colored" at the census of 1840, it is necessary to add to the printed total of the aggregate table 58, being the increase in the free colored of the second enumeration of the county of Montgomery, Maryland, over the free colored at the first enumeration.

NOTE TO NATIVE AND FOREIGN TABLE, on page 46.—Of the snms contained in the four columns in order, respectively, fourth, fifth, sixth, and seventh, in this table, that in the seventh is invariably the smallest, and that in the fourth invariably the largest. The sum given in column five may be larger or smaller than that in column six, according to circumstances. It happens to be larger in the case of every State, and of each of the Territories except Arizona and Utah (in the latter case for obvious reasons). The mathematical proof of column four is by adding columns five and six, and subtracting column seven. The difference between column six and column seven yields the number having foreign mothers but native fathers.

The Tribune for 1872.

THE consolidation of Italy, so long fragmentary and impotent, into one powerful State, with Rome as its capital; the humiliation of France through a series of crushing defeats, ending with the siege and capitulation of her proud and gay metropolis; the expulsion of the Bourbons from the Spanish throne, and the substitution for them of a scion of the most liberal among royal houses; the virtual absorption of the kingdoms of Saxony, Württemberg, Bavaria, with Baden, Hesse, the Hanse Towns, &c., under the headship of Prussia, into the triumphant and powerful empire of Germany; and the arming of Russia to reassert her preponderance in the councils of Europe, or to prosecute her often postponed but never relinquished designs on the great city founded by Constantine, and the vast but decaying and anarchical dominion of the Sultan, all combine to invest with profound interest the ever-changing phases of our tidings from the Old World. THE TRIBUNE, through trusted correspondents stationed at all points in Europe where great movements are in progress or imminent, aims to present a complete and instructive panorama of events on that continent, and to mirror the prolonged struggle between middle-age Feudalism and Ecclesiasticism on the one hand, and Nineteenth-Century skepticism and secularism on the other. Recognize a Divine Providence in all that proceeds, and is, it looks hopefully on the great conflict as destined (like our own recent convulsion) to evolve from strife, disaster, and seeming chaos, a fairer and happier future for the toiling masses of mankind.

In our own country, a war upon corruption and rascality in office has been inaugurated in our City, whereby the Government of our State has been revolutionized through an initial triumph of Reform which surpasses the most sanguine anticipations. It is morally certain that the movement thus inaugurated cannot, in its progress, be circumscribed to any locality or any party, but that its purifying influence is destined to be felt in every part of the Union, rebuking venality, exposing robbery, wresting power from politicians by trade, and confiding it in those worthiest and fittest to wield it. To this beneficent and vitally needed Reform, THE TRIBUNE will devote its best energies, regardless of personal interests or party predilections, esteeming the choice of honest and faithful men to office as of all New Departures the most essential and auspicious.

The virtual surrender by the Democratic party of its hostility to Equal Rights regardless of Color has divested our current politics of half their bygone intensity. However parties may henceforth rise or fall, it is clear that the fundamental principles which have hitherto honorably distinguished the Republicans are henceforth to be regarded as practically accepted by the whole country. The right of every man to his own limbs and sinews—the equality of all citizens before the law—the inability of a State to enslave any portion of its people—the duty of the Union to guarantee to every citizen the full enjoyment of his liberty until he forfeits it by crime—such are the broad and firm foundations of our National edifice; and palsied be the hand which shall seek to displace them! Though not yet twenty years old, the Republican party has completed the noble fabric of Emancipation, and may fairly invoke thereon the sternest judgment of Man and the benignant smile of God.

Henceforth, the mission of our Republic is one of Peaceful Progress. To protect the weak and the humble from violence and oppression—to extend the boundaries and diffuse the blessings of Civilization—to stimulate Ingenuity to the production of new inventions for economizing Labor and thus enlarging Production—to draw nearer to each other the producers of Food and of Fabrics, of Grains and of metals, and thus enhance the gains of Industry by reducing the cost of transportation and exchanges between farmers and artisans—such is the inspiring task to which this Nation now addresses itself, and by which it would fain contribute to the progress, enlightenment, and happiness of our race. To this great and good work, THE TRIBUNE contributes its zealous, persistent efforts.

Agriculture will continue to be more especially elucidated in its Weekly and Semi-Weekly editions, to which some of the ablest and most successful tillers of the soil will steadily contribute.

No farmer who sells \$300 worth of produce per annum can afford to do without our Market Reports, or others equally lucid and comprehensive. If he should read nothing else but what relates to his own calling and its rewards, we believe that no farmer who can read at all can afford to do without such a journal as **THE TRIBUNE**. And we aspire to make it equally valuable to those engaged in other departments of Productive Labor. We spend more and more money on our columns each year, as our countrymen's generous patronage enables us to do; and we are resolved that our issues of former years shall be exceeded in varied excellence and interest by those of 1872. Friends in every State! help us to make our journal better and better, by sending in your subscriptions and increasing your Clubs for the year just before us!

The proposition for a Convention to revise

the State Constitution, which was submitted at

this election, was carried by a vote of 266,668 to

100,412. It required a majority of all the votes

cast at the election to carry the Convention.

There were 367,080 affirmative and negative

votes cast, and 460,462 for Governor, 93,362 of

the voters who cast ballots for Governor made

no expression on the Convention, but they are

nevertheless counted against it. Subtracting

the affirmative vote from the total vote on

Governor, the total negative vote is found to be

193,794, leaving a majority for the Convention

of 72,874.

 Dem. maj. in State for Congress, 22596; maj. for Bullock in '68, 6868; White maj. registered in the State, 279.

THE LEGISLATURE is largely Democratic.
 On the 19th of Dec., 1871, James Milton Smith Democrat, was elected Governor without serious opposition, to fill a vacancy caused by the resignation of Rufus F. Bullock, Republican. Benjamin Conley, President of the Senate, claims to be *ex officio* Governor of the State for the remainder of Bullock's term, and the courts will probably be called upon to decide who is Governor.

ILLINOIS.

An election was held in this State, in 1871, for Congressman at Large, in place of John A. Logan, elected to the U. S. Senate, and for a Congressman in the 15th District. For Congressman at Large the following was the vote:

HOW TO ACQUIRE TITLE TO GOVERNMENT LANDS.

There are two classes of public Lands subject to entry: one at \$1.25 per acre, known as *minimum*, and one at \$2.50, known as *double minimum*, the latter being the alternate sections along the lines of railroads. Title may be acquired by purchase at public sale, or by "private entry," and in virtue of the Pre-emption and Homestead Laws.

At Public Sale lands are offered at auction to the highest bidder, pursuant to proclamation or public notice.

Private Entry.—Lands subject to private entry, are those which have been once offered at public sale without finding purchasers. In order to acquire title to these lands, a written application must be made to the Land Register of the District in which the land is located, describing the tract desired. The Register certifies the fact to the Receiver, stating price, and the applicant then pays the money and takes a receipt, and at the close of the month the Register and Receiver make return of the sale to the General Land Office, when a patent or full title issues on due surrender of the receipt, and will be delivered at the option of the purchaser, at the General Land Office in Washington, or by the Register at the District Land Office.

Land Warrants.—When lands are to be located with land warrants, application must be made as in cash cases, accompanied by an assigned warrant. When the tract is \$2.50 per acre, \$1.25 per acre must be paid in addition to the warrant. Receipts are given and patents delivered, as in the preceding case. At the time of location, a fee of 50 cents for a 40 acre warrant, and a corresponding amount for larger ones, must be paid to the Register, and a like sum to the Receiver.

Agricultural College Scrip.—This may be used in the location of lands at private entry, but is only applicable to lands subject to entry at \$1.25 per acre, and is restricted to a technical "quarter section," and to 3 sections in each township of land. The proceeding to acquire title is the same as in cash and warrant cases, the fees being the same as on warrants. This scrip may be used in payment of pre-emption claims.

Pre-emptions.—Any person being the head of a family, or widow, or single man over 21 years of age, and a citizen of the United States, or a person who has filed his declaration to become such, by settling upon and improving any of the "offered," "unoffered," or unsurveyed lands of the United States, may obtain a pre-emption right to purchase 160 acres so occupied, at the regular Government price, whether it be \$1.25 or \$2.50 per acre. Where the tract is "offered" land, the settler must file with the District Land Office his statement as to the fact of settlement, within 30 days thereafter, and within one year must make proof to the Land Office, of his actual residence and cultivation, and secure the land by payment in cash or Land Warrant. Where the land has been surveyed and not offered at public sale, the statement must be filed within three months after settlement, and payment made within 21 months. Where settlement is made upon unsurveyed lands, the settler is required to file a statement within three months after the survey, and pay within eighteen months thereafter. No person is entitled to more than one pre-emption right.

The Homestead Privilege.—The Homestead laws give to every citizen the right to a Homestead of 160 acres minimum, or eighty acres double minimum. To obtain Homestead, applicant must swear that he is the head of a family, or over the age of twenty-one, a citizen, or has declared his intention to become such; and that the entry is for his exclusive use and benefit, and for actual settlement and cultivation. When an applicant has made actual settlement upon the land he desires, he must make affidavit of the fact before the Land Register, and pay fees amounting on 160 acres of minimum land to \$18, or an equal sum for eighty acres of double minimum, for which he gets a receipt; and after five years occupation and cultivation of the land, he is entitled upon proof of such cultivation to a patent or full title to the Homestead. Any loyal person in the naval or military service of the United States, may acquire a Homestead by reason of his family occupying land and making the application in his stead. All officers, soldiers and sailors, who have served in the army or navy for ninety days and remained loyal, may enter 160 instead of eighty acres of double minimum lands. The fees above for entering Homestead, apply to surveyed lands in Michigan, Wisconsin, Iowa, Missouri, Minnesota, Kansas, Nebraska, Dakota, Alabama, Mississippi, Louisiana, Arkansas, Florida, Ohio, Indiana and Illinois. In California, Nevada, Oregon, Colorado, New Mexico, Washington Territory, Arizona, Idaho, Utah, Wyoming and Montana, the fees are \$22 instead of \$18. A settler having filed a pre-emption declaration, may change his filing into Homestead, and receive the benefit of the Homestead laws. If a Homestead settler does not wish to remain five years on his land before obtaining title, he may pay for it in cash or Land Warrants. Lands obtained under the Homestead laws are exempt from liability for debts contracted prior to the issuing of the patent.

United States Land Offices are located at Fort Des Moines, Council Bluffs, Fort Dodge, and Sioux City, Iowa; Menasha, Falls of St. Croix, Steven's Point, La Crosse, Bayfield and Eau Claire, Wisconsin; San Francisco, Marysville, Humboldt, Stockton, Visalia, Sacramento and Los Angeles, California; West Point, Beatrice, Lincoln, Dakota City, and Grand Island, Nebraska; Taylor's Falls, St. Cloud, Du Luth, Alexandria, Jackson, New Ulm, and Litchfield, Minnesota; Oregon City, Roseburg, and Le Grand, Oregon; Topeka, Junction City, Humboldt, and Augusta, Kansas; Carson City, Austin, Belmont, and Aurora, Nevada; Vermillion, Springfield, and Pembina, Dakota; Denver City, Fair Play, and Central City, Colorado; Boonville, Ironton, and Springfield, Missouri; Mobile, Huntsville, and Montgomery, Alabama; New Orleans, Monroe and Natchitoches, Louisiana; Detroit, East Saginaw, Ionia, Marquette and Traverse City, Michigan; Little Rock, Washington, and Clarksville, Arkansas; Boise City and Lewiston, Idaho; Chillicothe, Ohio; Indianapolis, Indiana; Springfield, Illinois; Jackson, Mississippi; Tallahassee, Florida; Olympia, and Vancouver, Washington Territory; Helena, Montana; Prescott, Arizona; Salt Lake City, Utah.

New 1871 Pattern.

**SIMPLE AS OLD V TOOTH.
Not One Failed in 20,000.**

NEW YORK AMERICAN INSTITUTE FAIR BUILDING, NOV. 4, 1871.

E. M. BOYNTON, 78 Beekman st., New York—**Sir:** This certifies that I saw the Lightning Cross-Cut Saw, worked by hand, by two men, Nov. 2, at this Fair. Said men and saw cut off a sound 8x9 inch chestnut-log in $3\frac{1}{4}$ seconds; and 16 cuts of same, *continuously*, in 2 minutes and 18 seconds, or at the rate of a cord of wood in less than nine minutes. I am satisfied that for all purposes of cross-cutting large and small timber your cross-cuts and wood saws have no rival in speed, in ease, and in simplicity. I believe their universal use would save a vast amount of money and time, and lighten the toil of millions of men.

J. W. BLAKE,

Superintendent and Engineer American Institute Fair.

I select this from many letters regarding my latest improved Lightning Saws of 1871 pattern: Mr. E. M. BOYNTON, 78 Beekman St., N. Y.:—**Sir:** The ninth shipment of your Cross-Cuts and Wood-Saws to us this season arrived last Wednesday. Please send us 50 more Lightning Cross-Cut Saws soon as possible. The sale of your Saws continues good, and we are nearly out. We shall require fully 500 Lightning Cross-Cuts and as many Wood-Saws to complete our year's purchases. We would like to have you reduce the price, if you can still keep up their unrivaled quality of manufacture. Our customers say the Lightning Saw saves the difference of cost in one day's use, are more simple to sharpen and run easier than any other. We think your new patent M tooth Saws do surpass in speed, in ease, in simplicity and perfect clearance anything we ever saw, and we are ready to indorse your challenge of \$500, to settle by public contest their superiority over any other Saw in the world, which, of course, no one can question. EVERSON, FRISSELLE & CO.

In accordance with the above, I have reduced the retail price from \$1 25 to \$1 per foot, and the trade price proportionately, and solicit the patronage of the American public. Beware of worthless imitations and infringements, which will be prosecuted. Do not confound this 1871 pattern with my old 1867 pattern Clearing-Tooth Saws, now out of market. All clearing-teeth are complicated, as they require to be kept shorter than cutters and frequent readjustment. After much experience, I cannot recommend them. Each one of the new Lightning Cross-Cuts has my \$500 challenge, and full directions for setting and sharpening any saw, engraved on it. Honest hardware men will procure the genuine for their customers, even if they are overstocked with inferior goods, but where they do not keep them, Agents are wanted. A six-foot Cross-Cut and Buck Saw sent on receipt of \$6. Express will cost from 40 cents to \$1 to places this side of the Mississippi River by special contract.

Most of the large Hardware Jobbing Houses in America now handle my goods.

N. B. Millions of Axes are used for cutting wood; a Lightning Cross-Cut Saw, either for one man or for two, will cut five times as fast as an ax. Why not try them?

Ordinary saw-set and a flat file only required in sharpening the saw, as all teeth are the same length and simple as hand-saw teeth, producing freest cutting both ways. See that the name and warrant are on each saw. Agents wanted where the hardware trade do not sell the genuine, which has my name and warrant on each saw.

THE BEST TONIC.

81

Caswell, Hazard & Co.'s FERRO-PHOSPHORATED ELIXIR of CALISAYA is a delicious cordial, made of the Pyrophosphate of Iron and Calisaya Bark; it is the most valuable tonic now in use for Dyspepsia, Nervous Affections, Wakefulness, Debility, Depression of Spirits, &c., &c. The pale, the nervous, and the debilitated should not fail to take it; particularly females suffering from those complaints incident to the sex. Physicians now give it the preference to all similar preparations. If taken during exposure to malaria it strengthens the system to resist this poison, and prevents chill and fever, bilious fever, and other intermittent attacks!

HAZARD & CASWELL'S PURE COD LIVER OIL.

This Oil is
the Purest and
Sweetest in
market.

It can be re-
tained by the
stomach when
all others fail.

Prof. Parker
of New York,
says: "I have
tried almost
every other
manufacturer's
oil, and give
yours the de-
cided prefer-
ence."

Patients, after trying the other oils and finding them of such nauseous and offensive character it was impossible for the stomach to retain them, have tried ours, and find it sweet and pleasant, to agree with the stomach perfectly, and soon come to like it. Physicians have pronounced it the best and most reliable remedy in use for Coughs, Consumption, Rheumatism, Bronchitis, and all Pulmonary Complaints. They also have declared it superior to any of the *Brown* oils.

Manufactured only by Caswell, Hazard & Co., New York.

Caswell, Hazard & Co.'s JUNIPER TAR SOAP.

The best and most convenient remedy for Chapped Hands and Face, Rough Skin, Pimples, and all Cutaneous Affections. It makes the skin soft and smooth; prevents the skin from chapping if used during cold weather; is easily applied, avoiding the trouble of the greasy compounds now in use.

Caswell, Hazard & Co.'s CAMPHOR ICE with GLYCERINE

Is a most excellent article, and gives universal satisfaction.

Caswell, Hazard & Co.'s DIARRHŒA and CHOLERA REMEDY

(Known as VELPEAU'S REMEDY) has been used extensively for years with perfect success; it has become an absolute necessity in thousands of families. None should be without it, as one or two doses will cure the most obstinate attacks.

Caswell, Hazard & Co.'s INODOROUS BENZINE

Will be found a superior article for removing Paint, Grease Spots, &c., &c., leaving no stain, with little or no odor.

Caswell, Hazard & Co.'s No. 6 (or TOILET) COLOGNE

Is acknowledged by connoisseurs as superior to the German, and much cheaper.

Caswell, Hazard, & Co.'s CHLORATE OF POTASH LOZENGES,

For Coughs, Colds, Sore Throat, &c.; they are more pleasant and efficacious than the disagreeable troches now in use.

Our Preparations are sold by all Druggists.

TAKE

No medicine which will increase the derangement of a system already disordered by disease. Violent cathartics that sweep through the bowels like a cataract, prostrating the strength and irritating the delicate membrane of the alimentary canal, are never needful. The best

COUNSEL

that can be given to persons suffering from dyspepsia, bilious complaints, constipation, or any disorder affecting the stomach, the liver, or the excretive organs, is to tone, cleanse and regulate these important viscera with TARRANT'S EFFERVESCENT SELTZER APERIENT. This agreeable alterative operates

WITH

the utmost mildness, yet thoroughly restores the functional action of the digestive organs and the intestines, and refreshes and renovates the whole physique. For more than a hundred years the water of the Seltzer Spa has been considered the finest corrective in the world, and this preparation is chemically identical with it. If

YOUR

complaint is indigestion, costiveness, nervous debility, biliousness, gravel, or any affection of the kidneys, remember that the EFFERVESCENT SELTZER APERIENT is not only an unequalled purgative, but also a general invigorant, and that its saline principle has a powerful sanitary effect upon the vitiated secretions and the blood. In an age when the sick exercise their

REASON

and common sense in determining the merits of a medicine, it seems almost unnecessary to point out the advantages which a specific so gentle, safe and certain in its operation has over the nauseous and pungent drugs which exhaust the bodily energies of the patient, and literally scourge his internal organization, without effecting a radical cure. Invalids, TAKE COUNSEL OF YOUR REASON, and select the remedy which tones while it regulates, and leaves no sting behind.

Strong, Pure, and Rich Blood, Increase of Flesh and Weight, Clear Skin and Beautiful Complexion, secured to all, through

DR. RADWAY'S SARSAPARILLIAN RESOLVENT.

Every drop of the Sarsaparillian Resolvent communicates through the Blood, Sweat, Urine, and other fluids and juices of the system the vigor of life, for it repairs the wastes of the body with new and sound material. Scrofula, Consumption, Glandular Disease, Ulcers in the Throat, Mouth, Tumors, Nodes in the Glands, and other parts of the system, Sore Eyes, Strumorous discharges from the Ears, and the worst forms of Skin Diseases, Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all Weakening and Painful Discharges, Night Sweats, Loss of Sperm, and all wastes of the Life Principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person using it, for either of these forms of disease, its potent power to cure them. If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood, and this the Sarsaparillian will and does secure, a cure is certain; for, when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and weight increasing. Not only does the SARSAPARILLIAN RESOLVENT excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional, and Skin diseases, but it is the only positive cure for Kidney, Bladder, Urinary, and Womb Diseases, Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Bright's Disease, Albuminuria, and in all cases where there are brick-dust deposits, or the water is thick, cloudy, mixed with substance like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white bone-dust deposits, and when there is a prickling, burning sensation when passing water, and pain in the Small of the Back along the Loins.

Tumor of 12 years' growth cured by Radway's Resolvent.

BEVERLY, MASS., July 18, 1869.

DR. RADWAY: I have had Ovarian Tumor in the ovaries and bowels. All the doctors said "*there was no help for it.*" I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but *had no faith* in it, because I had suffered for TWELVE YEARS. I took *six bottles of the Resolvent*, one box of Radway's Pills, and used two bottles of your READY RELIEF; and there is not a sign of a tumor to be *seen or felt*, and I feel BETTER, SMARTER, and happier than I have for 12 years. The worst tumor was in the left side of the bowels, over the groin. I write this to you for the benefit of others. You can publish if you choose. * * * *

THE NEW YORK EVANGELIST

Who pays for one year in advance.

This Map is invaluable to MINISTERS, ELDERS, and to every intelligent LAYMAN, as it shows at a glance the vast extent and geographical divisions of the Presbyterian Church in the United States, as fixed at the Reunion; giving the boundaries of every Synod and every Presbytery from the Atlantic to the Pacific; with the cities and larger towns where there are Presbyterian churches, thus making a grand

CHART OF THE CHURCH.

The New York Evangelist has long ranked as one of the very best—as it is one of the oldest—religious newspapers in the country. Established in the city of New York more than forty years ago—in 1830—expressly to promote REVIVALS, and MISSIONS, TEMPERANCE, and other reforms, it has ever been faithful to its original purpose. For thirty years that the Presbyterian Church was divided, it was the earnest advocate of the New School, and did much to help that body in its low estate, when shattered and disorganized by the Division, and to bring it into that degree of organization and order which made it one of the most efficient religious bodies in the land. It was among the first to FAVOR REUNION; while others were cold and indifferent, or positively hostile, it labored for it unceasingly for years, until it was accomplished. Since that great and happy event, its object has been to CONSOLIDATE and STRENGTHEN the Church more and more.

While *The Evangelist* aims by ITS NEWS and the VARIETY of ITS DEPARTMENTS—Literary, Scientific, Agricultural, and Domestic—to be A COMPLETE FAMILY NEWSPAPER, its chief distinction is the great fullness of its ECCLESIASTICAL INTELLIGENCE, giving the news of the Churches, of the Settlement and Dismission of Ministers, and all that concerns the Church at home and abroad. It has recently added a special DEPARTMENT FOR SUNDAY SCHOOLS, furnishing a Weekly Series of Lessons on the UNIFORM NATIONAL QUESTIONS FOR 1872.

Among its contributors are some of the most distinguished Ministers and Theological Professors in the country. Rev. THEODORE L. CUYLER writes almost every week.

A. A. Constantine's Persian Healing⁸⁷ PINE TAR SOAP.

Each Cake is stamped "A. A. CONSTANTINE'S Persian Healing, or Pine Tar Soap, Patented March 12, 1867"—no other is genuine.

AS A Toilet and Hair Renovator, this SOAP is all the inventor claims for it. The proof is, its unprecedented popularity. It is THE SOAP for the people. All who use it say, "Try Constantine's Soap," "We want no other."

IT CURES Pimples on the Face, Catarrh, Chapped Hands, Salt Rheum, Frosted Feet, Burns, Fresh Cuts or Wounds, of all kinds, all Diseases of the Scalp and Skin, and is a GOOD SHAVING SOAP.

A. A. Constantine

WHAT THOSE SAY WHO USE IT:

"I have used your Soap in my practice extensively, and it has proved the best healing ever used. It has no equal as a soap for washing the heads and skin of children.

"L. P. ALDRICH, M.D., 19 Harrison St., N. Y."

BALDNESS CURED.—"I can recommend your Persian Healing Soap for Baldness. It is bringing my hair in beautifully. I consider it the best hair renovator in use,

"M. H. COOMBS, 218 Atlantic St., Brooklyn, N. Y."

"I have used the Persian Healing Soap exclusively for three or four months as Toilet Soap. It cleanses the skin, and leaves it in a softer and better condition than any Soap I have ever used, and it makes an excellent lather for shaving.

"T. S. P. LORD, M.D., 101 Washington St., Chicago."

"From a personal trial of it, we believe it merits all the recommendations it has received."—*Christian Times and Witness.*

"A. A. Constantine's Soap is unsurpassed for the Bath and Nursery, and as a preventive and cure of eruptions of the skin. A trial will corroborate what we have said.—*N. Y. Evening Post.*

"We have given it a full and fair trial. In the bath-room and nursery, and also as an excellent shaving soap, we think it unsurpassed. The proprietor has been in foreign parts as a Baptist missionary, and now, in enfeebled health, has turned his attention to this business, having brought a combination of properties to bear in producing this excellent article. We recommend it *heartily.*"—*Methodist Home Journal.*

"The cleansing, healing and tonic properties of this Soap render it valuable for the toilette, as well as in cases where cutaneous diseases prevail. For washing the wounds of horses, the Soap is highly recommended."—*Ed. Turf, Field and Farm.*

"It is efficacious in curing chapped hands, and is known to be a specific for dirty ones."—*N. Y. Tribune.*

TESTIMONY OF Town Officers and Board of Health.

To whom it may concern :

SING SING, June 14, 1870.

The Supervisor, Justices of the Peace, and Town Clerk, of the Town of Ossining (the Township in whose limits the chartered Village of Sing Sing is contained), hereby certify to the remarkable healthful effects produced by the use of Brandreth's Vegetable Universal Pills. For many years these Pills have been prepared in this town; in 1836 Dr. Brandreth erected large buildings, in which to prepare and pack this great medicine for public use. At this time he employs over 100 persons, besides a steam engine of 100 horse-power.

We have a population of about 8,000, and almost every person uses them when sick. Their merits are recognized in every family, and our Druggists say they sell more of Brandreth's Pills than all the others put together.

We can point to cures effected by them in Scrofula, Rheumatism, Bilious Affections, Ulcers and Sores, White Swelling of the Knee, Bright's Disease of the Kidneys, Dyspepsia, Costiveness, General Debility, Want of Appetite, Typhus and Scarlet Fever, and Small-Pox. And from long observation and experience of the effects produced by Brandreth's Pills, we believe their general use would give more health and a longer average of life.

THOMAS LEARY, Supervisor.

NELSON H. BAKER, Justice of the Peace.

MORGAN HYATT, Justice of the Peace.

WILLIAM C. HOWE, Justice of the Peace.

C. H. CUMMING, Town Clerk.

The undersigned, the Board of Health of the village of Sing Sing, fully indorse the foregoing statement of the Town Officers of Ossining, knowing the same to be true.

MATTER OF DISEASE.

The matter which is always present when people are sick, is a fluid, like white of an egg, but more limpid. This fluid flows on the part where pain is felt, and spreads and insinuates itself wherever a weak spot or low vitality exists in the body. Sometimes this matter of disease becomes vapor, and subtly affects the nerves and brain. This hostile fluid to man's existence is never absent; it was implanted with life, but in the healthy it is divided so as not to be felt. But when, from fatigue, bad diet, conduct, or coming in contact with bad smells or contagious vapors, this matter of disease becomes aroused to activity and concentration, it settles, like dew, on the weakest part of the body, producing at once pain and disease.

Now, there may be many medicines which will reduce this *hostile fluid*, but there is one which never fails in cases of Lazziness, Pains in the Head, Rheumatism and Costiveness, Colds; in fact, Sickness is reduced, and finally vanquished, by

BRANDRETH'S PILLS,

whose use infallibly purifies the blood, and brings the matter of disease within manageable limits.

They remove impure and undigested accumulations from the stomach and bowels, cleanse the liver and the spleen, and generally purify the whole interior. In fact they purify the blood, and thus restore health.

Using this GREAT MEDICINE once or twice a month, will insure from attacks of Cholera, Small-Pox, and all infectious and contagious diseases; because they take out those matters from the blood and bowels, on which the vapor of infection spots and germinates.

PAINS ABOUT THE HEART.

THESE often are a consequence of collections of fat. ALLCOCK'S POROUS PLASTERS are believed to be a cure, by preventing further accumulations and causing absorption. They give at once relief from pain, and have cured all who have used them for heart troubles and pains of the chest, lungs, &c., &c., &c.

DISEASE OF THE HEART CURED.

GLEN RIDDLE P. O., Delaware County, Pa., March 16, 1868.

MESSRS. THOMAS ALLCOCK & Co.: Having been troubled with heart disease for a long time, and after doctoring with our physician for months, and obtaining no relief, I gave up in despair. I was troubled with sharp pains in my chest, and loud sounds about my heart, and often felt that death would be a blessing. At this time I was persuaded to apply one of your Porous Plasters. Within a few hours after placing one on my chest, I felt no more pain, and all throbbing ceased about my heart, and I have felt like a new man.

Yours respectfully,

CHARLES BATTY.

KIDNEY INFLAMMATION CURED.

NEW YORK, August 19, 1869.

THOMAS ALLCOCK & Co., Sing Sing; For years I have suffered from inflammation of the kidneys. My physicians gave me little relief, and I moved about like an old man, bent down by years of suffering. At length your Porous Plasters were recommended to me. I applied one to each kidney, and the relief was immediate. I wore them for thirty days, when my back and kidneys were perfectly well, and I was once more able to walk erect. I think the half of the virtue of your plasters remain to be told, but should any one wish to hear thereof I shall be pleased to tell of my experience. I am yours, respectfully,

THOMAS J. JACKSON, 226 East Thirty-second street.

NERVOUS AFFECTION OF THE HEAD CURED.

For two years I have been a great sufferer from neuralgia in the head, and found only temporary relief from all the various remedies that I have tried, until I applied one of Allcock's Porous Plasters. I cut it into three strips, placing one under each shoulder blade, and the other over the small of the back; and for the past three months I have had scarcely a twinge of the old pain.

I advise all who suffer from nervous diseases to lose no time in making a trial of the wonderful Porous plaster.

DISTRESSING COUGH CURED.

Letter from the Rev. Dr. Beattie.

SCORCHTOWN, Orange County, N. Y., Oct. 20, 1869.

THOMAS ALLCOCK & Co., Sing Sing: Your Porous Plasters are a great blessing. My daughter, Isabella, had whooping cough some twelve months since; when the severity of the disease abated, she still for six months had a distressing cough, and became very weak and thin. Finding internal remedies of no avail, an Allcock's Porous Plaster was applied to her chest. The cough was relieved from the day it was put on, and in one month was entirely cured.

I am yours truly,

D. BEATTIE.

DR. J. SARGENT'S BACK-ACHE PILLS,

FOR ALL DISEASES OF THE KIDNEYS AND BLADDER.

The disease commonly called back-ache, and to which these Pills are particularly applicable, is found to exist in the aged or infirm, the laborious and sedentary, is caused by obstructions or chronic inflammation of the kidneys, ureter, bladders, &c., and is known by a deep-seated pain in the small of the back, sometimes extending round the loins to the abdomen, or a dull, heavy, or numbing pain, extending from the back, down the lower extremity of the right abdomen, to the inner part of the thigh. Great difficulty is experienced in voiding the urine, and many persons afflicted with this troublesome complaint are unable to endure violent exercise; many, when stooping, have difficulty in assuming an erect position. Persons suffering from these symptoms often mistake the disease for Rheumatism, and apply the ordinary remedies, such as plasters, liniments, &c., but without obtaining any relief.

DR. SARGENT'S BACK-ACHE PILLS

Strike at the root of such diseases, and, by removing the inflammation, and stimulating the organs to a healthy action, the patient is relieved from all weakness and pain. The certificates I publish are but a few of the many in the hands of the proprietor, and can be referred to at any time:

SANDY CREEK, PA.

GEORGE A. KELLY.—*Dear Sir*: I had been afflicted with an affection of the back for some years, being unable to walk without assistance. I had tried many remedies without being able to obtain any relief, until I was induced to try Dr. Sargent's Diuretic or Back-Ache Pills, and am happy to say they have been the means of restoring me to perfect health. You may use this, if you think proper, as I heartily recommend them for all such diseases as I have been troubled with.

WM. McCABE

Mr. McCabe has been in my store several times since the above was written, and has had no recurrence of the disease.

PITTSBURGH, Jan. 27, 1863.

GEROGE A. KELLY.—*Dear Sir*: I was so badly afflicted with pain in the kidneys that I could hardly turn myself in bed, and breathing also caused me severe pain. I had given up all hopes of ever getting well again, when I bought a box of Dr. Sargent's Pills, which at once relieved me, and I believe they have been the means of the cure. I have also recommended them to others, where like complaints were made, and they have, in every case, proved efficacious. I cheerfully recommend them to any one suffering from this trouble, as I believe they are the best medicine for this class of diseases I have ever heard of. Any further information can be had by seeing me at the outer depot, or at my residence, No. 65 Arthur street.

A. J. WEAVER, Conductor Pennsylvania Railroad.

PITTSBURGH.

DR. SARGENT.—*Sir*: I take this opportunity to state that your Diuretic Pills are the most effectual medicine for the back-ache I ever met with. I can confidently recommend them from experience.

Carbolic Salve.

The success that has attended the introduction of this Remedy has never been equalled in any single instance before in the history of medicine. Its virtues are recognized alike by rich and poor, and men of distinguished public reputation do not hesitate to give the widest publicity to their praise of so excellent an article as CARBOLIC SALVE.

Subjoined we give extracts from the letters of a few out of the many received from men whose statements and opinions are entitled to the greatest consideration, to say the least.

From D. R. LOCKE, (Petroleum V. Nasby,) of the Toledo Blade.

MR. JOHN F. HENRY:—I had on the forefinger of my right hand one of those "pleasant pets" a "run'round." The finger became inflamed to a degree unbearable, and was swollen to twice its natural size. A friend dressed it with Carbolic Salve, and in *twenty minutes* the pain had so much diminished as to give me a fair night's rest.

D. R. LOCKE.

From Col. H. S. OLCOTT, Special Commissioner of the War Department, and formerly of the Tribune.

I have used Carbolic Salve myself, and have seen it used by members of my family and among my acquaintances, and in every case it was efficacious in effecting a cure.

Yours truly,

H. S. OLCOTT.

From GEORGE B. LINCOLN, late President of the Board of Health.

Your Carbolic Salve, a package of which you were kind enough to hand me, proves an *excellent article*, and I thank you for it.

PARKS' BALSAM OF WILD CHERRY AND TAR,

For Coughs, Colds and all diseases of the Throat, Chest and Lungs.

The following testimonial from a well known citizen of New York, will bear evidence of the great value of this time tried medicine.

From the Principal Salesman, for Seventeen years in the Wholesale Establishment of A. T. STEWART & CO.

MR. JOHN F. HENRY:—I contracted a severe cold, followed by an obstinate cough, which so completely prostrated me that I was obliged to abandon business. I had the advice of most eminent physicians, and also used many standard medicines, but still continued to grow worse. At length I commenced the use of Parks' Balsam, and I am happy to say that by its use I became speedily convalescent. I feel fully persuaded that it has saved my life, and I am not only eminently well pleased with it, but my confidence in it is so great that I never fail to advise my friends to use it, and this confidence is constantly strengthened by witnessing the beneficial results whenever used. I consider it the finest thing for the voice I have ever known, and I would earnestly recommend its use by all VOCALISTS and SPEAKERS.

Yours truly,

PLANTATION BITTERS.—S. T. 1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

It is now about *twelve years* since this grand desideratum was introduced under the name of

PLANTATION BITTERS,

and from that time to the present its progress has been without a parallel in the history of proprietary medicines. With the spirit of the sugar cane—the most nutritious of all stimulants—for its basis, and medicated solely with the juices and extracts of rare vegetable specifics, such as Calisaya Bark, the best known Tonic that the world produces, and which makes it by all odds the most unobjectionable invigorant, corrective and general alterative that has ever been placed by science within the reach of the sick, the suffering, and the despondent. Hence it has overleaped all competition, and Plantation Bitters is to-day the most popular Tonic on either side of the Atlantic. Sold by all Druggists.

MEXICAN MUSTANG LINIMENT.

FOR MAN AND BEAST.

Probably few articles have ever had so extensive a sale, while none have been more universally beneficial than the celebrated MEXICAN MUSTANG LINIMENT. Children, Adults, Horses and Domestic Animals, are always liable to accident, and it is safe to say, that no family can pass a single season without some kind of emollient being necessary. It becomes a matter of importance then to secure the best.

The merits of the MEXICAN MUSTANG LINIMENT are well known throughout the habitable world. From the million upon million of bottles sold, no complaint has ever reached us. It is recommended for Cuts, Bruises, Sprains, Rheumatism, Swellings, Bites, Chilblains, &c., upon man, and for Spavins, Founders, Ring-bone, Poll Evil, Scratches, Wind-Galls, Hoofale, &c., upon horses.

Important to Owners of Horses.

"This is to certify, that the Mexican Mustang Liniment has been extensively used in our stables throughout the country (we have 2,500 horses) with the greatest benefit in all cases of galls, kicks, sprains, lameness, stiffness, etc. Many of our men have had occasion to use it in their families, and all speak of it in the highest terms. One of our men got kicked and badly cut and bruised; as usual, the Mustang Liniment was resorted to; the lameness was removed, and he was almost well in four days. We can cheerfully recommend it as a valuable preparation for man or beast.

Yours respectfully, J. DUNNING, Foreman of Adams & Co.'s Express Stables, N. Y."

"We take great pleasure in recommending the Mexican Mustang Liniment as an indispensable and valuable article, and the best we have ever used for Sprains, Sores or Galls on horses. Some of our men have also used it for severe burns and sores, as well as rheumatic pains, and all say it acts like magic.

J. H. HEWITT, Foreman,
For American Express Co., 10 Wall Street; Harnden's Express Co., 14 Broadway; Pullen, Virgil & Co., Express Co., 14 Wall St.; Wells, Fargo & Co., 14 Wall Street."

Over three hundred livery stables in the city of New York alone are using the MEXICAN MUSTANG LINIMENT, in all of which it gives unusual satisfaction.

CAUTION.

Some unprincipled parties have undertaken to counterfeit this Liniment. The genuine is wrapped in a fine *Steel Plate* engraving, with "*G. W. Westbrook, Chemist*," and "*Trade Mark, MEXICAN MUSTANG LINIMENT*," engraved across the face of each wrapper. The whole bears the proprietor's private United States Revenue Stamp, and not a common stamp, as used by druggists.

NOTICES OF THE PRESS.

THE METHODIST comes to us this week enlarged in size and generally improved in appearance. There are few journals which we receive with so much pleasure as this able and courteous organ of Methodist opinion. The thoroughly competent administration of Dr. Crooks has been recently reinforced by the pen of Dr. Abel Stevens, whose capacities as a writer have been familiar aforesome to the readers of these columns. We tender to the *METHODIST* new welcome and a fresh God-speed.
—*Chr. Union*.

THE METHODIST.—The last number of this independent organ of American Methodism appears much enlarged and improved. It is edited with great ability by Drs. G. R. Crooks and Abel Stevens, and has a corps of accomplished contributors. The sermons of Dr. Talmage, of Brooklyn, are published in its columns, and we regard it by far the ablest and most interesting journal of the Methodist church.—*Lutheran Observer*.

THE METHODIST, according to previous announcement, appeared, July 1st, in its greatly enlarged and—but for the almost interminable report of the Book Concern investigation—improved form. The next number, we expect, will contain its promised variety of literary and religious information. This paper has always commanded our admiration for its ability, liberality, and unbending adherence to the true lights and landmarks of Methodism, and a degree of enterprise which has placed it ahead of any denominational journal we have seen in any part of the world. Claiming to be as loyal a Methodist as the next man, we heartily wish this paper the greatest success in its new era of existence, and widening sphere of usefulness.—*Meth. Home Journal*.

THE METHODIST, a paper which has reached a national, rather than a local circulation, celebrates the commencement of its twelfth year by donning a new typographical dress, and by an enlargement of eight columns. The paper, although started independently of conference management, and meeting with some distrust and opposition on that account, has been very successful, and has become influential.—*Detroit Post*.

"*THE METHODIST*," published in New York and edited with distinguished ability, came to us last week much enlarged and beautified with new and bright-faced type. It now takes precedence in size of any Methodist journal in the denomination, and no paper makes a show of more genius in adapting their columns to popular and family reading. The style of the paper is pleasing to us. It is also highly honorable to the Methodist independent press of the country, which soon must take leading influence in the church.—*Buffalo Advocate*.

Many other similar notices might be added did space permit.

PHRENOLOGICAL JOURNAL.

97

THIS MAGAZINE has been so long before the reading world (a third of a century), that it is scarcely necessary to make a new announcement that it will continue to treat those important topics to which it has been devoted. But the nature and scope of the journal demand far more consideration than that expressed by a circulation of twenty or thirty thousand. It should be known and read by the vast aggregate of those who claim a place in the highest civilization of this modern era. When it is understood that this journal is the only

one published in America treating of man in all his relations, and especially those mental relations which distinguish him pre-eminently among the works of creation, its right to a wide-spread circulation is fully vindicated. It is true that there are many magazines and periodicals published which possess a high order of literary merit, and which illustrate the rapid progress made by Americans in those civilizing influences which properly belong to intellectual culture; but their treatment of those subjects which belong to the organization of mind, *per se*, is infrequent and partial. The PHRENOLOGICAL JOURNAL makes the study of the human mind its chief feature, its specialty.

J. R. STAFFORD'S

IRON AND SULPHUR POWDERS,

INVIGORATE THE BODY AND PURIFY THE BLOOD.

RIVERS OF IMPURE BLOOD flow and vibrate through the system of those tainted with
Scrofula, Salt Rheum, Barbers' Itch, Syphilis, Eruptions or Pimples on the Face, Roughness or
Redness of the Skin and other impurities of the Blood. The combination of Stafford's Iron and
Sulphur Powders are charged with two elements, which science declares that the weak and nervous
need—Iron to augment the vital forces and Sulphur to disinfect the blood and the secretions.

Nothing tones the blood like Iron, nothing purifies the blood like Sulphur, all eruptions vanish
from the face, bosom, arms or any other part of the body under the effect of Stafford's Iron and
Sulphur Powders, they drive out all impurities, and effect an immediate and permanent cure; no
outward application will do this. For Sale by all Druggists 1 package 12 powders, \$1.00, 3
packages, \$2.50, mailed free, registered letters, or P. O. orders. Send at our risk.

THE NEW YORK LEDGER.

The first number of the NEW YORK LEDGER for the new year contains an original poem by ALFRED TENNYSON, the poet-laureate of England, written expressly for the LEDGER. The LEDGER also contains original contributions from Rev. JAMES McCOSH, D. D., LL. D., President of Princeton College, Rev. JOHN HALL, D. D., of New York, Rev. HENRY WARD BEECHER, Hon. HORACE GREELEY, Hon. JOHN G. SAXE, and other very distinguished writers.

From the New York Ledger.—WILLIAM CULLEN BRYANT.—We have made arrangements with Mr. BRYANT for a number of original poems by him, to be written expressly for the LEDGER during the new year.

THE NEW YORK LEDGER FOR THE NEW YEAR, 1872.

THE GREAT FAMILY PAPER.

THE BEST WITHOUT REGARD TO COST.

We continue to conduct the LEDGER on our established rule, which is to procure and publish, without regard to money or price, the best original matter that can be had in the world.

Young men and young ladies will find the LEDGER full of advice and instruction especially intended for them, and which is calculated to influence, for good and for happiness, the whole future of their lives.

It would be as impossible for us to enumerate beforehand all the good things which we shall publish within the coming year, as to tell in advance what the weather will be for every day.

Distinguished public men, including Foreign Ministers, Members of the Cabinet and Senators in Congress, write for the LEDGER.

More money is spent upon the LEDGER to make it a good paper than is spent upon any other paper in the world.

More people take it and like it than ever took any other paper on this continent.

It is so interesting that families who once begin to take it can never hear to give it up; and they always consider that the small price which it costs affords them more for the money than anything else that they buy.

The LEDGER is always full of life. Nobody ever complains that even a single number is dull. It has the largest number of great and distinguished writers.

It contains the purest, sweetest, and most delightful love stories, striking narratives, and instructive biographical and historical sketches.

It has the most popular and carefully prepared collection of scientific facts.

All questions growing out of the domestic relations, lovers' quarrels, law and business matters, are regularly answered in its columns. A vast amount of useful information is given through this attractive department of the LEDGER.

Many of the most distinguished clergymen of the country write for it.

All the old writers—their names are familiar to the public, and it is needless to repeat them here—will continue to write for the LEDGER; and we have engaged exclusively for the LEDGER the very best and most popular of the rising authors.

Good as the LEDGER has heretofore been, the volume for 1872 will be better than any one ever yet published.

The BEST that a long experience enables us to select, and that money, without stint, can buy, will be constantly spread before the readers of the LEDGER.

OUR TERMS FOR 1872—NOW IS THE TIME TO SUBSCRIBE

Single copies, \$3 per annum; four copies, \$10, which is \$2.50 a copy; eight copies, \$20. The party who sends us \$20 for a club of eight copies (all sent at one time), will be entitled to a copy FREE. Postmasters and others who get up clubs, in their respective towns, can afterwards add single copies at \$2.50. No subscriptions taken for a less period than one year. Canada subscribers must send twenty cents in addition to the subscription, to pay the American postage. When a draft or money-order can conveniently be sent, it will be preferred, as it will prevent the possibility of the loss of money by mail. The postage on the LEDGER to all parts of the country is only twenty cents a year, or five cents a quarter, payable at the office where the paper is delivered.

 We employ no traveling agents. Address all communications to
